## Welcome To Intan Seafood

Welcome to Intan Seafood, your trusted partner in delivering the finest seafood from the pristine waters of Indonesia to your table. As one of the leading fish supplier, we take immense pride in our commitment to quality, sustainability, and excellence.

Nestled in the heart of Indonesia, a nation renowned for its rich marine biodiversity, we have built our reputation on the foundation of integrity, innovation, and a deep respect for nature. Our mission is simple yet profound: to provide premium-quality seafood while preserving the delicate balance of our marine ecosystems for future generations.

Our extensive product range includes a variety of fish, squid, and other seafood, all sourced responsibly and processed according to international standards to ensure optimal quality. We adhere to strict sustainable fishing practices, working closely with local fishermen, and comply with international standards to minimize our environmental footprint.

Our success is driven by a dedicated team of professionals who share a passion for excellence and a commitment to customer satisfaction. Who strive to deliver the exceptional experience our clients have come to expect. We invite you to join us on this journey as we continue to innovate, grow, and contribute to the global seafood industry.

Thank you for choosing Intan Seafood. Together, let's celebrate the bounty of the ocean and create a sustainable future for all.

Warm regards,  
Intan Seafood

# Discover the Intan Seafood difference today - Where quality meets responsibility.

## Integrated Sourcing Operations

Intan Seafood's integrated operations ensure complete control over the seafood supply chain, from catch to delivery. We own a fleet of modern fishing boats that operate in Indonesia's rich marine waters, capturing high-quality fish with sustainable practices. Our dedicated transport vessels ensure efficient and timely movement of seafood to strategically located cold storage facilities, which are equipped with advanced freezing technology to maintain peak freshness. This seamless integration allows us to optimize efficiency, guarantee consistent quality, and meet the stringent standards required for both domestic and international markets. By managing every step of the process, we deliver premium seafood while ensuring transparency and reliability.

## Sustainably Sourced Seafood

Our company sources high-quality fish across Indonesia's rich marine regions, partnering with local fishing communities that employ sustainable practices. We maintain a fully integrated supply chain with fresh catches processed at strategically located facilities near ports and transported via cold-chain logistics to ensure premium quality. Committed to traceability and international standards, we prioritize eco-friendly methods and support small-scale fisheries, delivering fresh, sustainable seafood while empowering Indonesia's fishing communities.

## Our People

At Intan Seafood, our people are at the heart of everything we do. We believe in empowering our team and supporting local communities through training, skill development, and fair employment practices. By investing in the well-being and growth of our workforce, we create a positive and productive environment that drives our success. Our team is dedicated to upholding high standards of quality and sustainability, ensuring that every step of the process—from catch to delivery—is handled with care and responsibility.

# Accreditations & Certifications: A Commitment to Excellence

## Certified Seafood Factory

Intan Seafood operates an internationally certified processing facility that meets the highest standards of quality, safety, and sustainability. Our factory is certified with HACCP, BRC, ISO 14001, ISO 17025, and Halal, ensuring compliance with global food safety, environmental management, and testing requirements. Additionally, we are a Sedex member, reflecting our commitment to ethical and responsible business practices. The facility undergoes regular audits for social compliance, reinforcing our dedication to the welfare of our workforce and adherence to international labor standards. This robust framework allows us to deliver seafood products that meet the diverse needs of global markets while upholding excellence and integrity.

## Private Label

Intan Seafood offers private label services to partners who wish to create their own branded seafood products. We work closely with businesses to develop tailored solutions, from product selection to packaging, ensuring that the final product meets the specific needs and branding requirements of our clients. Our private label service includes full support in product sourcing, product development, quality assurance, and logistics, with a focus on maintaining the highest standards of freshness and sustainability. By leveraging our integrated operations and international certifications, we enable partners to offer premium, sustainable seafood under their own brand while benefiting from our extensive expertise and global reach.

Create your own private label.  
Your own product brand name.
